hmm...

What I like about downtown Highland? Well, where to start? There are so many things I can think of at least 3 or 4 off the top of my head!

I guess I'll start pretty vaguely. I love the vibe of it. It's so nice & calm. I could just stroll around there all day! Getting a bit more specific, I love the shops & restaurants/places to eat. The Thrift shop is one of my favorite places to browse. Sip, Green Witch, & Sakura Bowl are all so tasty! They're some of my favorite places to eat. Les Cafe, too! Best place for a good breakfast. I love all the art too, the murals & the owls are just gorgeous. They add to the lovely ambience of downtown.

I could go on & on about this town. There's just so much fantastic stuff about downtown Highland. I hope others will come to see how beautiful it is. This town has so much kindness & beauty to offer!
