## Downtown Highland

"What do you like about Downtown Highland?" This one simple question can have hundreds of fascinating answers from different perspectives. To me, Downtown Highland is an escape. It's a place to be happy. Whenever I'm feeling down, I ask to go walk around Downtown Highland. It helps to lift up my mood and reduce stress. The relaxed ambience of the whole area is enough to lift my spirits.

I go with my friends, walking alongside the shops, and going inside my favorite restaurants. This is one of the simple

pleasures I look forward to in life. I check up on a sweet elderly woman, the owner of one of the many thrift stores I enjoy shopping at, I go to my favorite coffee place there and order a chicken sandwich and pasta - simple, yet delicious. I relax, do homework, or enjoy the company of my friends.

Even without others, Downtown Highland still makes my days a bit better. Whether it's laughing with my friends in Main Square Park, or munching on sushi from Sakura Bowl, Downtown Highland can always lift up my spirit. All my best memories are in Downtown Highland.
